Client referrals

Your property is 7,000 miles away — and you're trusting people you can't see.

Caretaker & broker fraud

Property rented out behind your back, rent pocketed, “all is fine” on the phone.

No proof of anything

You can't confirm a visit, an inspection, or a rupee of your money was used right.

Encroachment & PoA misuse

Vacant land grabbed, titles muddled, Power-of-Attorney abused while you're abroad.

Tax & repatriation maze

Punishing TDS on sale, 15CA/CB, the USD 1M rule — nobody owns this for you.

ONE DESK, THE WHOLE JOURNEY

Four services. **One accountable team.**

1 · Care & Monitor

Inspections with geo-tagged photo/video proof, rent & bills, encroachment watch, live smart cameras.

2 · Build & Automate

Build remotely with milestone payments, live CCTV & fixed price — automation engineered in from the slab.

3 · Buy — Verified

Title & encumbrance checks, RERA verification, safe registered PoA, FEMA & home-loan guidance.

4 · Sell & Repatriate

Lower-Deduction Certificate to cut TDS, 15CA/CB, capital gains & repatriation handled.
